

## Descent (A Tale of Bishops Island Book 2)

The creator of THE ERIC KADE JOURNEYS and the TALES OF BISHOPS ISLAND novel series invites readers to discover the exciting new adventure DESCENT! Jason Garrett's latest mystery brings together characters from both series and unlocks a secret from the fabled past of Bishops Island. The eighth of May was a life-changing moment for two women on the island. For Nickel Warren (Homecoming), it marked the day her husband died and she was arrested as a smuggler. For Aryn Rayburn (Pursuit), it was the day her grandfather died in a tragic bridge collapse. Having served her time, Nickel has sought an opportunity to heal from personal setbacks and discover a new purpose in life. Meanwhile, Aryn has become a renowned historian, inspired by her grandfather's career as the first journalist on Bishops Island. On the anniversary of these two life-changing events, Nickel and Aryn will cross paths for the first time. When a rival from Nickel's past is found murdered, investigators discover the remains of a second body near the unconventional crime scene off the shore of Bishops Island at Caper Lighthouse. Given her knowledge of local history, Aryn is asked to piece together three clues that may help uncover what happened to the unidentified victim. When the evidence contradicts what Aryn knows about the island, she becomes determined to solve the lighthouse mystery. Only after seeking Nickel's help does she establish a connection between the two cases. In search of an object referred to as The Parcel, and with a murderer with unfinished business on their trail, the adventure for these women really begins!

The term Anglo-Indians can refer to at least two groups of people: those with mixed Indian and British ancestry, and people of British descent born or living in the Indian subcontinent. .
