

Spellscribed Tales: First Refrain

Spellscribed Tales is the first of a chorus of stories told of other heroes within the Spellscribed Universe. Some heroes are forged by fate, and some forge their own destiny. The drive to succeed can lead some to become a hero, and to others it can take them down darker paths. The first tales are stories of Snow, and of Shadow. The Mountain and the Deep Dark. Forged on opposite sides of the world, they fight, not knowing how similar they really are.
