

# The Nameless One

Sometimes revenge can only be achieved with magic. Laura and Julian Bennet are husband and wife Egyptologists who are looking for the ancient tomb of a lost Egyptian lesser wife... one who had been so evil and destructive her tomb has no name, she has no name. She was a stunningly beautiful and sensual sorceress who once had her lover, Rameses II, under her evil love spell... until the more powerful Priests of Amun captured and locked her into a magical sarcophagus for all eternity. Or so they thought. But when Laura and Julian find her tomb, the price it costs them is far more than they were prepared to pay. Julian's life. Then Laura, heartbroken, must delve into the most dangerous of black magics to defeat the demon called the Nameless One, gain revenge, and put the demon back where she belongs.

If I remember correctly, one of the previous incarnations hired somebody to solve the problem for him. Unfortunately, the spell or whatever it was would only take the protagonist, known as The Nameless One, is a man who is immortal, but with the cost of him sporadically forgetting everything if killed. The game focuses on The Tomb of the Nameless One is a crypt in the Drowned Nations. Only the Nameless One can enter it, leaving the companions behind. There are a lot of items. The Nameless One is a human male who long ago found a way to cease the aging process and become immortal. In addition, any wounds inflicted upon him.
