

A Walk in the Woods: A Walk in the Woods {A Walk in the wood}[A Walk in the wood]: Rediscovering America on the Appalachian Trail : Official Guides to the Appalachian Trail

Back in America after twenty years in Britain, Bill Bryson decided to reacquaint himself with his native country by walking the 2,100-mile Appalachian Trail, which stretches from Georgia to Maine. The AT offers an astonishing landscape of silent forests and sparkling lakes--and to a writer with the comic genius of Bill Bryson, it also provides endless opportunities to witness the majestic silliness of his fellow human beings. For a start there's the gloriously out-of-shape Stephen Katz, a buddy from Iowa along for the walk. Despite Katz's overwhelming desire to find cozy restaurants, he and Bryson eventually settle into their stride, and while on the trail they meet a bizarre assortment of hilarious characters. But *A Walk in the Woods* is more than just a laugh-out-loud hike. Bryson's acute eye is a wise witness to this beautiful but fragile trail, and as he tells its fascinating history, he makes a moving plea for the conservation of America's last great wilderness. An adventure, a comedy, and a celebration, *A Walk in the Woods* is destined to become a modern classic of travel literature.

Rediscovering America on the Appalachian Trail . And Bill Bryson is surely the most entertaining guide you'll find. But *A Walk in the Woods* is more than just a laugh-out-loud hike. after I moved with my family to a small town in New Hampshire, I happened upon a path that vanished into a wood on the edge of town.
