

Sing a Silver Lining: Songs to Brighten Your Day (Classroom Music)

This is a collection of 16 songs both familiar and new, with themes such as look on the bright side, be kind to your neighbour, its nice to have friends, and so on. It should be useful for an end-of-term performance, a non-denominational school assembly or a sing-song for all ages. Songs include Look for the silver lining, Zip-a-dee-doo-dah, Happy talk and Consider yourself. This melody edition contains words, melody, second vocal/recorder parts and easy piano accompaniments. It should be particularly useful for teaching children in secondary, top primary and middle school classes to read music. All the backing tracks are included on the accompanying cassette. The pack should enable teachers and children to hear how the songs and second vocal parts sound, and then to sing along with the instrument-only backing tracks.
