

The Great Big Secret

Eight year old James Peartree discovers that the idea of growing up is a hoax. Nobody grows up. Its just a big lie used to control kids and keep them from driving cars, staying up late, and doing what they want. And James and his friends arent gonna take it anymore. They learn of a distant magical land where kids drive cars, fly aircraft, and hold public office. So they escape to find this land. *Chapter 11 must ask, before I begin, that you not tell this story to anyone. I dont want them to come after you. There may be some danger involved. Well, dear reader, Im here to tell you that it is. And, in fact, there have been a few who have figured it out. Brave souls who have dared to think for themselves. To challenge the things they had been taught. This is the story of one of them. James Peartree is his name. He discovered the Secret completely by accident. He was just a young boy living in the city of Sunnyapolis. Youve never heard of Sunnyapolis, have you? I know you havent. Because the city of Sunnyapolis no longer exists. It was shut down, and all its inhabitants were moved to other cities. You cannot find any records of it. All documentation was destroyed so that the world would never again be reminded of James and his discovery. But I am getting ahead of myself here. Lets get back to that fateful morning. *For fans of Judy Blumes Superfudge, Jeff Kinneys Diary of a Wimpy Kid and Louis Sachars Holes.
