After narrowly escaping from Rome, Lady Victoria Gardella returns to London, where not even sunrise can stop a vampires carnage... Ruining Victorias homecoming, a vampire stalks the streets of London--during the daylight. Not only is Victoria unable to detect the vampire with her heightened senses, but shes being framed as the prime suspect behind the killings. Meanwhile, her heart is still divided between the enigmatic Sebastian Vioget and her fellow slayer Max Pesaro. The battle is made even more difficult by the legacy of a vampires touch--a vampire who left in Victorias veins boiling blood that forces her to fight evil on two fronts: against the new breed of undead threatening London...and against the darkness within herself. Praise for the Gardella Vampire Hunters Buffy the Vampire Slayer meets Jane Austen. The Book Standard ...Enough dark, angsty touches that I was utterly wrung out by the end. It is also so good I couldnt wait to get online to see when the next in the series will come out. All About Romance Gleasons publishing debutturms vampire storiesand romanceson their ear.
