

Victorian Painting

A spectacular book on the most popular era of British painting from 1837 to 1914 by the world's leading authority in the field. The Victorian era and its aftermath were the backdrop to one of the great flowerings of British art. The genre arose from a ferment of activity from which the Pre-Raphaelites emerged along with Leighton's luxurious classical mythologies, as well as a fascinating diversity in other artistic fields. Christopher Wood, a leading expert who has not only studied but also brought, owned, and sold examples of everything he writes about, takes us through the artistry of Burne-Jones, Rossetti, Waterhouse, and others to show the succession of movements characterizing the Victorian period.

A ring of human skulls originally circled 16th-century magician John Dee in a painting by the English artist Henry Gillard Glendon. New X-ray Individual Artists Victorian Art Institutions: A Contemporary Survey of Iconography: Subjects in Victorian Painting Style in Victorian Art At one time the height of fashion, and in subsequent decades viewed generally as unquestionably unfashionable, Victorian painting has, - 4 min - Uploaded by Ileana Ottini Victorian Painting (1837-1901) - La pittura nellepoca vittoriana (1837-1901) http Victorian Painting by Lionel Lambourne.
