

# A Bleak But Honest Resolution: a personal reading of the poetry of Edward Thomas

That Thomas should have memorials in the stained glass of church windows is ironic, though perhaps illustrative of the obscured picture of Thomas left by a grieving wife and daughter, both of whom found solace in religion. Their memoirs, combined with those of Eleanor Farjeon, have influenced the subsequent biographical and critical treatment of the poet to the detriment, I would argue, of his reputation as a poet and socially relevant thinker. Thomas can be read as a mirror of England, as long as that England is today's place of continued social change where traditional beliefs are under strain, for it is to this England that Thomas's poetry remains relevant.
